

SOFTBALL IRELAND RETURN TO PLAY TOP 5

Before **every** training session, game or softball event:

1

Complete a daily symptom assessment and follow your own team's contact tracing procedures (e.g., online form, spreadsheet etc.).

2

Do not attend if you or anyone in your household / household bubble have any symptoms of COVID-19, have a positive test result or are awaiting the result of a test.

3

Arrive on time to avoid social congregations beforehand.

4

Arrive ready to play to avoid close contact in changing facilities.

5

Bring your own equipment (gloves, bats, helmets etc.) to avoid the need for sharing.

For more information, please visit our dedicated **COVID-19 Hub** on the Softball Ireland website: <http://www.softball.ie/covid-19-hub>
